

# CLAMPS UNLIMITED

FROM OUR STOCK TO YOUR DOCK

“Sold through distributors...  
stocked in the USA”

# technology and performance

**CLAMPS UNLIMITED is a Midwest based hose clamp supplier selling through distribution, shipping from St. Louis, Missouri to customers in the USA, Canada and Mexico.**

Clamps Unlimited affords distributors the opportunity to buy high quality hose clamps at very competitive prices, eliminating the delays of overseas shipments and receiving inventory within days of placing orders for stock items. Our goal for gaining your trust as an outstanding supplier is to provide same day service, when you need it, for general purpose hose clamp orders that are received by 2 PM CST.

Our USA based staff understands the need to meet or exceed the requirements of USA customers. We have a robust materials management system that facilitates our ability to maintain best-fit inventories, allowing us to provide excellent service and order fill rates. Our clamps are only released for distribution after they pass thru stringent quality tests per International standards. Our clamps are subjected to torque, hydraulic and plating tests. Only after a successful evaluation by our inspection team, the clamps are ready for dispatch. Our state of the art, manufacturing tool room ensures accurate tooling and fixtures for the production and supply of quality hose clamps.

## CLAMPS UNLIMITED

**Stainless  
Worm Drive Clamp**

**Stainless Worm Drive Hose Clamps** are suitable for most common household, garden, washing machine and automotive applications. The bands have punched rectangular perforations that hold strong and advance easily as the captive screw is turned.

**Worm Drive Mini Clips** are used in areas of application involving small hose diameters such as vacuum hoses and emissions control.
